

Technical Requirements

- 1) rated voltage and current: AC250/40A
- 2) open temperature range: 95±5C(Normally closed/manual reset)
- 3) electrical strength
 - A: between the shell and the wiring terminal, it can withstand AC1500V/ 0.5ma and does not break down or flash for 1min.
 - B: after disconnection, it can withstand AC800V/ 0.5ma, 3S without breakdown and flicker.
- 4) Insulation resistance: under normal≥100MΩ
- 5) contact resistance: ≤50MΩ
- 6) shell material is bakelite shell
